We required the support of an accountancy practice who were able to help us meet our Austrian parent company's tight reporting deadlines and who could be flexible on a monthly basis supporting our internal accounting function. Having been let down by our previous accountant we were mindful that our next engagement would be with a practice who could not only offer us monthly, quarterly and year end accounting support, but could also assist us with ad hoc payroll and taxation support.

We are delighted that CBSL Accountants Limited have more than met our requirements over the last 12 months and have done so at an agreed fixed fee. We no longer worry about receiving any one off accountancy fees.

Our reporting to our parent company is always on time and they have supported our requests regarding taxation support and advice.

We would have no hesitation recommending CBSL Accountants Limited.
